

★ MONTH 6 – MOCK TESTS + REVISION + BOOST

🔥 OVERALL TARGETS FOR MONTH 6

- ✓ Revise full Class 11 + Class 12 syllabus
 - ✓ 20 Full-Length Mock Tests (JEE + Boards mix)
 - ✓ 10 PYQ Papers (JEE Main Previous Years)
 - ✓ Daily Mini Tests (30 mins)
 - ✓ Weak-area improvement
 - ✓ Formula books + Short Notes revision
 - ✓ Organic Chemistry quick revision book
 - ✓ Physics NCERT + formula lists
 - ✓ Maths formula + questions on mistakes
-

📅 4-WEEK PLAN (Intensive Revision + Tests)

✅ WEEK 1 – Full Syllabus Quick Revision (11th + 12th)

Physics – 3 Days

- Electrostatics → Current Electricity → Magnetism → EMI/AC
- Dual Nature → Atoms/Nuclei → Semiconductor
- Mechanics (Kinematics, NLM, WPE)
- Rotation → SHM → Waves → Gravitation
- **Revision Tools:**
 - NCERT Highlighted parts
 - Formula sheet
 - Coaching module summary

Chemistry – 2 Days

- Complete **Physical Chemistry** quick revision
- Organic Chemistry – full roadmap + GOC + Mechanisms
- Inorganic – NCERT line-by-line
- **Use:** short notes + NCERT + reactions list

Maths – 2 Days

- Calculus (Differentiation + Integration + AOD + DE)
- Algebra (Matrices, Determinants, P&C, Series, Quadratics)
- Coordinate Geometry
- Vectors + 3D

Daily Task (Week 1):

- 1 mini test (30 mins)
 - Revise formulas 15 mins
-

WEEK 2 – BEGIN MOCK TESTS + PYQs

Full Tests (Alternate Days)

- 4 full-length mock tests (JEE pattern)
 - Day 1 → Full Test
 - Day 2 → 2 hours: Checking + analysing mistakes
- Focus on:
 - Wrong attempts
 - Silly mistakes
 - Time management

PYQs (JEE Main Previous Years)

- Solve 4–5 PYQ papers
- Identify repeating topics:
 - Modern Physics
 - Electrostatics
 - Kinetics + Thermodynamics
 - Calculus
 - Coordinate Geometry

Daily Task:

- 30 min mini test
 - Organic Chemistry Short Notes – 20 min
 - Maths Formula Revision – 10 min
-

WEEK 3 – BOOST WEAK AREAS + MORE MOCK TESTS

Fix Weak Topics (3–4 hours/day)

Use an error notebook:

- Write every wrong question
- Write the concept behind it
- Practice 15 similar problems

Mock Tests (Again 4 tests this week)

- Focus on speed + accuracy

- Try to cross your earlier score

Chemistry Memory Boost

- NCERT Inorganic reading daily 30–45 minutes
- Reaction list + periodic trends

Physics Formula Sprint

- Derivations + important graphs
- Most important: EMI, AC, Rotation, SHM, Electrostatics

Maths Accuracy Drills

- 50 questions of differentiation/integration
 - 25 questions in Coordinate Geometry
 - 20 questions in Quadratic/P&C
-

WEEK 4 – FINAL POLISHING + EXAM MINDSET

Remaining 8 Mock Tests

- 1 full test every day
- 1 hour analysis
- Identify chapters causing most errors

Final Revision Routine

- Physics: 2 hours – past weak topics
- Chemistry:
 - 1 hour Organic
 - 1 hour Physical formula practice
 - 30 min Inorganic NCERT
- Maths:
 - Calculus → Coordinate → Algebra rotation

Daily Mini Test (30 mins) MUST

- 10 questions Physics
- 10 questions Chemistry
- 10 questions Maths

Board Preparation (Last 3 Days)

- NCERT Theory
 - Lab manual observation
 - Solved examples
 - High-weightage long questions
-

EXTRA BOOSTER STRATEGIES FOR MONTH 6

1. Formula Notebook (Carry Everywhere)

- Physics: Electrostatics → AC → Rotation → SHM → Waves
- Chemistry: Thermodynamics, Equilibrium, Kinetics, Electrochemistry
- Maths: All calculus & coordinate formulas

2. Organic Chemistry Shortcut Notes

- Named reactions
- Mechanisms
- Order of reactivity
- Tests (Lucas test, AgNO_3 test, Tollen's test, etc.)

3. Error Notebook

- Most important item for JEE
- Track mistakes → fix → retest

4. Exam Pattern Training

- Attempt Physics → Chemistry → Maths (or whichever is optimal)
- Avoid spending >3 minutes per question
- Maintain accuracy over risk

END OF MONTH 6 = COMPLETE EXAM-READY POSITION

- ✓ Class 11 + 12 fully completed
- ✓ 20 mock tests done
- ✓ 10 PYQs completed
- ✓ All weak areas repaired
- ✓ Boards + JEE Main both under control
- ✓ High confidence + revised formula knowledge
